

KUBE. Collection

Make your outdoor living spaces unique

 50SF

by **PROCITY**

KUBE. Collection

Designed to be modular

*The Ligne **KUB.** Collection by Procity® has been specially designed to adapt to your outdoor spaces while respecting the harmony of the site. Clean lines and an infinite combination options, for perfect integration into your environment.*

The design of the collection is sleek and timeless as a result of the materials used: **solid steel and oak.** The steel is treated against corrosion to guarantee the longevity of the products. The oak is PEFC certified of French origin, ensuring compliance and sustainable management of our forests.

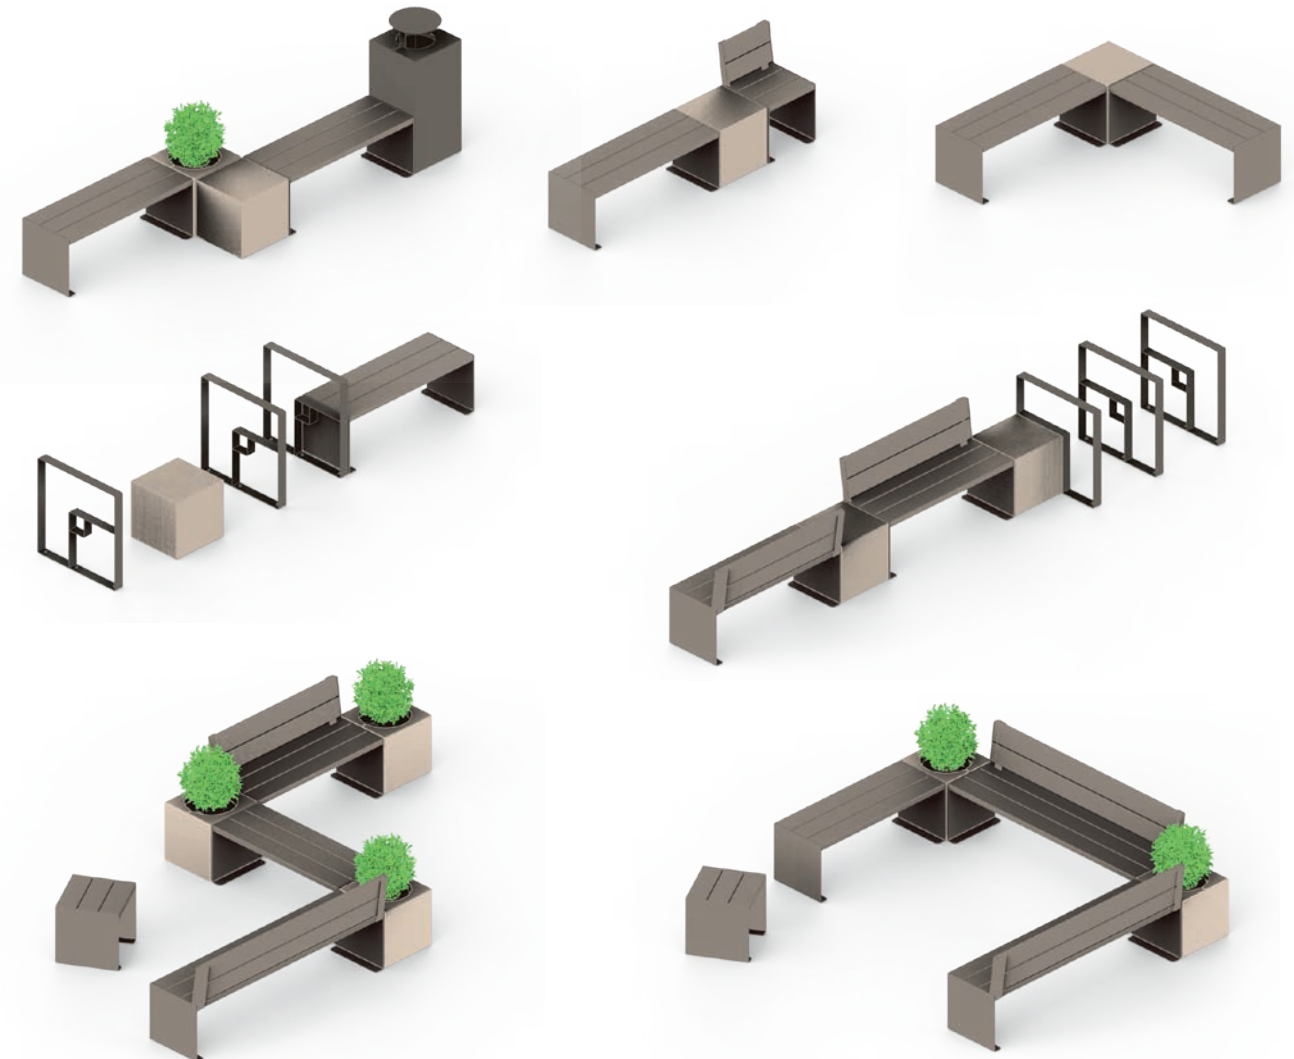

The modular nature

of the **KUBE.** collection allow products combined harmoniously to create a unique space. The choice of materials and finishes provides additional personalisation:

- Choose **the elegance of all steel**, monochrome or bicolour paint.
- Enjoy **the warmth of wood on steel**, monochrome painting, light oak or mahogany stain.

50SF KUBE. used endlessly

to create places to live and relax!

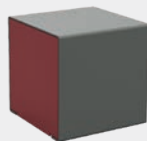

Seats and benches

Face-to-face seat

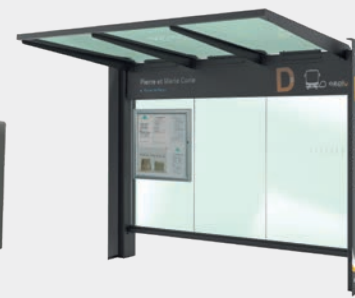

Planters

Cube

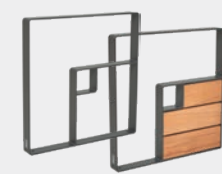

Litter bins

Bus shelter

Perch seat

Bicycle stand
